

REGISTERING YOUR PLACEMENT

If you have already been assigned to a UCRH location by your University, then please register your placement via our online form so we can commence preparations for your arrival.

Fill out your registration form here: <https://clin-ed.ucrh.edu.au/>

For more information about what documentation you'll need to attach to your form, please see [Tips for Completing your Online Registration/Request Form](#)

Why Register your Placement?

The UCRH works with your Placement Supervisor with the administration of your placement, so it's normally their request for you to do so. However, there are a whole range of other reasons why it's beneficial to you, some being:

- **Accommodation** – we have self-contained student accommodation in Lismore, Ballina, Murwillumbah and Grafton which is highly subsidised
- Access to **tutorials, skills workshops**
- Access to **library facilities**
- Access to a **24 hour student common room on some sites** (with kitchenette, lounges, computers, photocopying facilities – an excellent place for study)
- **Social programs, including cultural walks, film nights** and opportunities to meet other students in the area

How long will it take me?

It's a simple process, which should only take 5-10 minutes.

Note – if you do not have a Hand Hygiene certificate from Hand Hygiene Australia, you should allow a little more time. Certificates are gained by completing a FREE online program at www.hha.org.au
